
A Positive Twist

Hi there _____,

God has truly been opening doors for the Teleo Bible School.

- We are so grateful for a welcoming church family at the Stateline Adventist Church, near Walla Walla, Washington as the location for the Teleo Bible School.
- God has brought some housing and we believe will continue providing for that need for the students and staff.
- Committed staff.
- Students are continuing to apply for this life-changing, growing, and fun opportunity at the Teleo Bible School.

What's a Positive Alternative?

So many times we think “I can’t do this, I can’t do that...” or tell people, “Don’t do that” or “You shouldn’t do that.” In all honesty, that isn’t very winsome for our minds.

I really like what someone told me recently.

Instead of using can’t, shouldn’t, don’t, or even negative thoughts about myself or a situation, shift my thoughts to a **positive alternative**. We can apply this concept to all sorts of situations.

Praying for...

- A van for transporting students during the Bible School term.
- Efficiency in bringing details together for the school.
- Students to find good ticket prices and visas as needed.
- Funds to operate the 2026 Bible school term.
- Adopt-a-student partners. \$100 per month.

Instead of drinking coffee that hurts my nervous system in the long run, what's a positive alternative to drink or do instead? Do I feel frustrated and just "have to" say something negative about someone? What is something good about the person or situation I can say? Instead of practicing yoga, I still want to get exercise and stretching, so what is a positive, Godly alternative? Rock music is damaging to my frontal lobe and an open door to the devil, so what is a positive alternative to listen to? If a lie of the devil keeps getting me down, replace it with a truth from God's word.

True, it may take some time, prayer, and yielding to God to change my tastes and desires, but it is well worth it!

"Be not overcome of evil, but overcome evil with good."
Romans 12:21

Enjoy that positive alternative!
